“ *I write this with a broken heart, for my cousin and his family. When we were young, Dave and Dan, Jerry and I did everything together. I will never forget the fun times we had. We always went trick or treating together, swimming, playing baseball. We would put together a band. With instruments and wear mops for long hair. We even hoed beans together on my Uncles farm. He was a good man and an all around great person. My love to everyone in Dans' family. If you need me for anything just let me know. Shelly Fries Tomich*

“ Dad there are so many memories I wouldnt even know where to begin. I love you so much nobody can ever take your place in my heart. This is by far the hardest thing I've ever had to do. Im thankful you were there for some of the most important days in my life like my graduation day and my wedding day, but there are still so many milestones in my life that I wont be able to share with you. I know you will be there as my guardian angel I just wish it hadn't happened so soon. I love you dad rest in heaven.

“ Dan, as I sit reflecting on the many memories of my childhood you were a integral part of it. Many lazy summer afternoons we shared the same dusty little league field. Countless trips to your fathers convenience store we shared that polite hello with that smirk that always made me laugh. Your laugh was contagious, you always had a kind demeanor and always treated everyone with that trait you possessed. Take your rest now my friend in the arms of Christ, it is my most sincere heartfelt prayer that your family is enveloped in the comforting peace that surpasses all understanding. The world is a little darker without you my friend.
