Condolences to everyone affected by this sad event. I did not know him as well as I should have yet still the world does seem a bit dimmer tonight. If only in the there is truth in the idea of taking the time for family and friends because you never know when they will be called home.

“ *Met Don thru a mutual friend who recommended him to do mechanical work for us. We had a very good working relationship with him & will miss him very much. I knew he was a good guy when I found out he & Cindy had a few cats. Not too many men like cats, so that was a plus for me. Remember one time I stopped by to check on the progress he was making on a car for us. I came up the driveway to the garage & heard all this loud, colorful language being used. Was hoping that it wasn't my car that had him so irate. Thank God it wasn't. He really was a good guy & would help you out if he could. My sympathies to your family Don, & I am glad that our paths crossed in this life. Karla Hart*

“ This is from Gene..He remembers all the dirt biking summers they had and also the hunting trips. Don went hunting with Gene last year and even though they didn't get a deer, they had a Great time being together and tipping a couple beers. This is another one from me... Don moved next door to my childhood home. This is how I met my husband of 32 years. I can't Thank Don enough for giving me the Best Gift ever. Don has done so much for my family, My Dad, Mom brothers sister and now our children. He was a Man with a Heart of Gold who would help anyone anyway he could. We couldn't have asked for a better neighbor and I am so proud to have been part of his Family

“ Because Donald moved next door to me, I met my husband. He gave me the Best Gift in the world. Donald was a kind hearted person who would do anything for anyone. He used to do so much for my Dad and Mom and never asked for anything in return. He's at peace now and pain free. He's celebrating with Incle Donny and Kathy. Boy are they celebrating..
