“ Grandma and I shared October birthdays and a love for opals. She was always at the ready to give you her "special" candy...Roloids lol. She taught me that to present yourself as a lady and have your hair done, nails painted, and lipstick at the ready. I got my love of puzzle books from her and mine site right next to my chair to work on in the evening just as she always did. She may have been tiny, but she was larger than life!! Shine your star bright Grandma!! <3 <3

“ My grandmother...the lady with the "special" peppermint candy which were Roloids. Lol. ...the lady whose career footsteps I followed in which is being a school secretary. ...the lady who always had painted nails and her hair done. ...the lady that the phrase "Dynamite comes in small packages" completely fits. I LOVE you Grandma and will miss you every day. I hope you are enjoying the best 7-7 and dancing in a club in the clouds.
