“ *I am so sorry for your loss! I was also part of the Arrow Paper family with Eric. His smile was contagious and I will never forget his strong German accent. It was truly a pleasure to work with him. You are all in my thoughts and prayers.*

“ *I went to school with Eric and Trudy's grand daughter. When I moved to the Saginaw area the Payks treated me like family. They are some of my favorite and some of the best people that I know. Eric will be so missed at gatherings and at "the cottage." My thoughts have been with the Payk family this week and will continue to be with them during this time. Love, Viet.*

“ My deepest condolences to the entire family. Eric was a kind and happy person who treasured his family. I remember times he would drive Trudy to work in bad weather to keep her safe and he always went and filled her car up with gas for her. He was a true gentleman and family man. My thoughts and prayers are with all the family during this difficult time.

“ One of my greatest moments was cooking the "perfect brat" for him on the grill at Kelli's open house. It was like winning an award. Blessed that he touched our family.

“ I am so sad and disheartened to hear of this. Thirty Three years ago I walked into Arrow Paper as a wet behind the ears engineering major. Eric's office was right across the hall from the laboratory I worked in. I loved hearing Eric stories about coming to American and achieving the American dream. He was truly one of a kind and I am lucky to have known him, and worked with him, for over a decade. I will miss him just as I miss so many others of my 'Arrow' family.

“ Most especially to KIM: I never had the privilege of knowing your father, but if he was anything like you, "We would have loved him to the core". Always appreciate the opportunity to "hug" you..... We've known the James family what seems like forever. Jeff attended church from Day One and was confirmed with our oldest daughter..... sorry to hear of your dad's death..... I know he is looking in on us and saying, "I had a good life, Look forward to seeing you again soon." Bill and Charlette Connelly

My sincere sympathy to the entire family. Eric was a wonderful man, and a true gentleman. I remember him driving Trudy to work in bad weather to keep her safe and always filled her car up with gas. He will be greatly missed. Thoughts, Love and Hugs to the entire family.

“ *I knew of Mr. Payk through my mother and father (Alex and Christel Mikulak) who knew the Payk family. I remember going over to the Payk home with my parents and grand parents (Robert and Marie Faber) where we all celebrated German traditions with lots of food, beverages and deserts. Mr. Payk and his family were an extension of our family, and they were always included in conversations of old. My wife and I extend our best wishes to his family, and they should know that he (and they) are still in our hearts.*
