“ *I worked for Frank at State Lanes in the late 70's and I have to say he was my favorite boss ever! He was so easy to get a long with and always had a smile for you. When I didn't work for him anymore I seen him from to time at a store or gas station and we would always stop and chat he was always out doing things for other people I know he was a good friend to these people. I'll miss not seeing him any more. One more memory is when I was getting married he jokingly asked me to marry him and take me to San Francisco and ride the trolley cars with him that probably would have been fun too!*
