“ *I am so very sorry to hear of Greg's passing. I (and my family) knew him many, many years ago. He was like a brother to my brother, Randy, and so very close to me. Greg and I corresponded all through his time serving in Vietnam, and had a few trips on his bike when he was on leave. Even though I never got to see him after he went to California, I will forever be able to remember Greg in my heart as a young man, so full of laughter (I loved his laugh), kind and tender-hearted. We were there for each other, like family, during our hard times in our youth. My sincere heartfelt sympathy to all of his family, and hope you know he left some wonderful memories with others. - Barb Ash McCrea*

Sorry to read of Greg's passing. Met him many years ago via our mutual friend Randy Ash. They were both good friends back then and are now together again.
