“ *My Mother was a Mom to many more children than her own. I have many memories as a child roller skating at Brockway Roller Rink where all of the kids called her Mom. She was one of the nicest people you could ever know. Always wanting to help others and at times concerned about others more than herself. A brave tough women who endured many struggles in life. Taking them head on. A true warrior. I am fortunate to have had such a strong influence in my life. She taught me to never give up on myself and trust in what God has planned for me and to put it in his hands. Now I have the best Angel watching over me.*

“ *She was the best mother-in-law any woman could have ever had, and I will keep her memory in my heart forever.*

“ I met this wonderful woman when I came into South Colony to do a volunteer service for someone in the same building. Nancy was such a warm, kind, loving, amazing woman of God that welcomed all of us into the building. She made my heart melt just watching her help us by opening the doors as we moved someone out. Her and I got to talking and she welcomed me into "The Foxes Den." I got to meet her husband who she loved with all of her heart. She then showed me all the beautiful angels that lit up the whole apartment! She was so excite to show me this and we talked a few hours all about Jesus! I was so blessed to have met this beautiful woman of God and I am so sorry for the loss of her. I know exactly where this lady is and that brings peace to my heart! May God be with all of her family and friends who knew her!

*Thank you Nancy for all your love and showing the light of Jesus!*

*Love always,*

“ My prayers and hugs are being sent to you Pa, Nancy (my sis) and the whole family.  
I wish we could of had more time with Mom but she was needed in heaven. This makes us so sad but for her she heard Dave whispering her name. She needed to go and be with him and God. She was an angel here on earth and now needed to carry on in heaven. To all of the family remember she was and is a very caring angel who thought of everyone else and not herself. Pa, you did that. You took such very good care of her and now it is time for you to take care of yourself and sis (Nancy). You two help one another through this very differcult time. I am right here if you need me. Take blessing in having your wife, mother, grandmother, great grandmother for so many years and what a wonderful woman she was. She will be dearly missed forever and loved.
