“ *Dear David, Kathy, Lori, and families,
We were sorry to hear about your Dad. He was a great guy and a very special person to our family too. Of course we knew you all from church, but his abilities and productive capacity as an electrical engineer were instrumental to our Dad and Uncle's business. I know they deeply respected him and enjoyed his friendship. He will be sorely missed by a lot of people whose lives he touched. We send our love and condolences to you all.
With Sympathy,

“ Dear David, Kathy and Lori....

I can't tell you how sorry I am for you losing your dad....just like us...it's such a final closure to our childhood on Zauel Street. No more dinner bell ringing...

I just wanted to tell you about my fondest memory....it was going camping....we three girls viewed our travels from the top of the camper. Of course, a new experience for me, I thought it was wonderful. We went to a KOA I think....a teen dance....and lots of friends. It was evident to me that this was your dad's life away from home!! I recall patches on a vest??? Your folks had a lot of them....his camper was always clean and ready to go...I can still see it sitting next to the garage waiting for summer to arrive.

Kathy, after my visit with you and your dad...I went home with tears telling dad how sad I felt. He said...."Jody, we all can't live forever." Little did I know that he too would be gone so soon. It doesn't matter whether you're expecting it or not....it still hurts.

Please know that you are all (Diane too) being thought of today and I pray that your heartache will ease knowing that he is now at peace.

My love to you with hugs....Jody Gehrcke Schnetzler
